

AGROTEL COSYHOME

SOLUTIONS FOR MAINTAINING CALVES

AGROTEL COSYHOME Calf home solutions

AGROTEL COSYHOME Single Igloos

AGROTEL COSYHOME Group Igloos

Comfort for Man and Animal - that is the philosophy of
AGROTEL COSYHOME!

The AGROTEL COSYHOME-solutions guarantee work efficiency by the option of single-person management, animal well-being thanks to the different micro climatic zones as well as excellent management of the animals by a good overview of the centrally created divisions.

The AGROTEL COSYHOME solutions developed by AGROTEL offer a holistic application for the ideal advanced development of your stall in the sector of maintaining calves.

WELFARE FOR ANIMALS IS OUR JOB!

www.agrotel.eu

AGROTEL COSYHOME Single igloos

AGROTEL COSYHOME single igloos provide comfort and long life thanks to the excellent workmanship. Your calves get an optimal living room right from the first few days after being born. At the same time, the tilting feature ensures easy and effective cleaning and management.

AGROTEL COSYHOME stands for Animal welfare and thus, for healthy calves!

AGROTEL COSYHOME Group igloos

The AGROTEL COSYHOME group igloo is aimed at optimal development of your calves.

The structure consists of a galvanised steel frame with a textile covering. The group igloo is robust in shape. The tarpaulin ensures light permeability and heat dissipation.

Thanks to the modular design, the AGROTEL COSYHOME group igloo can be expanded in a flexible manner.

AGROTEL COSYHOME Veranda

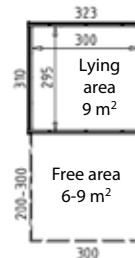

The movable AGROTEL COSYHOME Veranda provides a weather-protected area for the calves to move out and has 12 calf-feeding stations including safety self-trapping grates. Entry to the veranda is possible from a side door. Material: galvanised steel structure + tarpaulin covering
Dimensions: 7x7 m incl. four-sided canopy construction

Sizes available

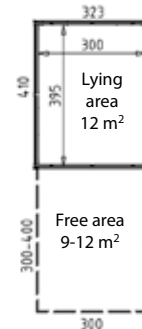

Model 9

5-8 calves

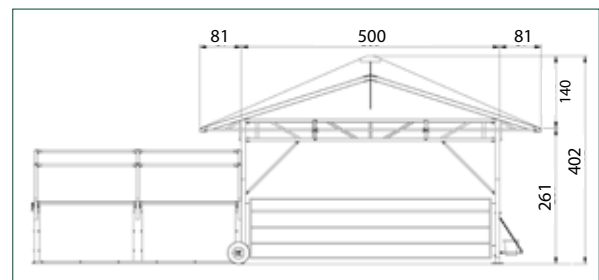

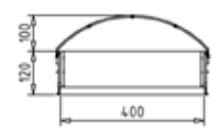

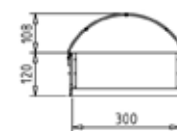

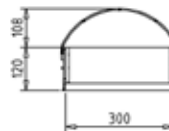

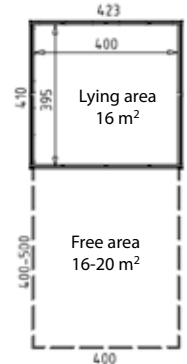

Model 12

7-10 calves

Model 16

10-15 calves

AGROTEL COSYHOME Calf home solutions

The AGROTEL COSYHOME Calf home solutions always provide a combination of single-occupation and group-occupation igloos. Maintaining the group is possible on one or both sides. Thanks to the modular design, flexible solutions and customised expansions can be implemented.

Working efficiency

- Easy to clean with the tilting feature
- Simple to sprinkle thanks to the large service opening
- Economical straw consumption
- Easy ventilation regulation
- Good animal management with simple sprinkling feature

Single-person-management

AGROTEL COSYHOME Calf home solutions have different climatic zones that can be searched for by the calves as they please. This improves the well-being and health of the animals. The climate control depending on the season of the year is an additional support here. Ease of cleaning and filling straw contribute to the economical management.

AGROTEL COSYHOME Calf homes facilitate simplification of the work by automation. They can be managed by a single person alone.

BENEFITS of AGROTEL COSYHOME at a glance

Single-person-management
